### **GRAFF® Recognized as Merit Honoree at Interior Design's Best of Year Awards**

*The manufacturer's Dressage Free-Standing Vanity was honored in the Bath: Cabinetry Category*

**MILWAUKEE—December 2015—** GRAFF® is excited to announce that its Dressage Free-Standing Vanity, part of the Dressage Collection designed by Nespoli and Novara Design Studio, was recognized as a finalist at *Interior Design's* 2015 Best of Year (BOY) awards event. The annual ceremony, which was held on Thursday, December 3rd at the Frank Gehry-designed IAC Building in New York City, celebrated its 10-year anniversary by drawing more than 900 designers, architects, and manufacturers, to celebrate the best in product and project design of the year.

This special honor was bestowed upon GRAFF by both *Interior Design* magazine and the architecture and design community who voted on 1,800 entries in 142 categories before finalists were chosen. The industry recognized GRAFF's Dressage Vanity as a Bath: Cabinetry category finalist for its impeccable craftsmanship and reputation. Made from DuPont Corian®, the compact, freestanding vanity features canaletto walnut solid wood and is positioned on a minimalist, sawhorse shaped base, concealing all plumbing. The Dressage Vanity stands out with its contemporary design, harmonious lines and traditional detailing. The vanity is a fully customizable slim unit that includes a complementing adjustable mirror, shelf and towel hook.

For the third year in a row, the Best of Year awards was held at the IAC Building and hosted by *Interior Design* editor in chief Cindy Allen and publisher Carol Cisco, who revealed winners across 43 project categories, 61 product categories, and 11 materials.
