

## CMC introduces latest range of KalingaStone Marble

Classic Marble Company (CMC) – India's leading stone company has launched Terrazzo engineered marble collection and Zen engineered quartz collection under the company's flagship brand – KalingaStone.

Terrazzo, the KalingaStone Marble range offers Roma and Café collection which includes Imperial, Teri, Pantheon, Ducal, and Salerno products among others. The products sport the all-time classic mosaic patterns and are available in shades of white, beige, crème, brown and grey.

Inspired by Venetian designers for modern architecture, the Terrazzo collection has been re-invented with contemporary finesse and is suitable for flooring, stairs, wall cladding, vanity tops, counter tops, and kitchen tops among other applications.

While under KalingaStone Quartz, the company has launched the Zen collection which consists of an exclusive range of fifteen quartz slabs that include Zinnia, Nirvana, Yana, Sensei, and Rishi among others. The new quartz collection is unique in designs with grains, swirls or streaks across the quartz surface and is offered in shades of crème, white, brown and black. CMC's KalingaStone Quartz remains the most preferred choice for installations in worktops, kitchen countertops, and even as flooring in industrial and traffic-prone areas.

## Thyssenkrupp access launches latest solutions H300

Thyssenkrupp access in association with their official Indian business partner Elite Elevators launched the new H300. The official unveiling was done by Cristiano Gianneschi (Manufacturing Manager); Farid Oilad Adj Amar (Head Business Development, ENA / Turkey / India), Vanessa Brown (Regional Sales Manager) and Vimal R Babu (Director Sales, India).

H300 comes with an exclusive elevator that uses gearless cogbelt drive technology and gives the silent and safest ride. The vision behind developing this elevator with ground breaking functionality and

safety parameters is purely to fight the increased percentage of elevator accidents in India.

This elevator was showcased at ACE

TECH event held at Bombay Exhibition Centre (BEC) from November 2-5, 2017. Thyssenkrupp access' new range of home lifts is promising to offer customers an all-in-one solution to improve their comfort and mobility at home. The H300's cog

thyssenkrupp

belt technology ensures quiet operations with an extra-gentle start and stops while its wide selection of bespoke interior finishes can accommodate each customer's individual design preferences.

## GRAFF unveils its EXPO bathroom collection

GRAFF, the worldwide manufacturer of innovative faucets, introduces EXPO, a new furniture collection for the bathroom. Developed around a simple wooden frame, EXPO is a creation by Studio Nespoli e Novara. The chest of drawers is made of wood, providing a considerable storing space and the option for a set of practical dividers. The natural and open concept of the EXPO collection is also visible in the mirror with a wooden structure and a circular shape, the mirror displays a harmonious and symmetrical look. The collection is completed by a unique set of

hanging wood shelves with a design that resembles a ladder, resting on the wall. Alberto Novara, Architect from the Lombard Studio, recounts, "Handcrafted design and ingenuity are the pillars of Expo, a collection that represents a new generation of furniture elements." EXPO is based on a unique collaboration that depicts experience, guaranteed quality, and innovative ideas on one hand, craftsmanship, traditional materials and design on the other hand. The bathroom collection proposed by GRAFF is designed to furnish a captivating, open environment.
