Elica Launches New Range Of Classic And Pro Series Hobs

Elica, the brand synonymous with innovation, comfort, safety and convenience for your space, now unveils a new range of brass burner hobs for Indian cooking. A cut above the rest, Elica's USP remains tailoring international design to suit Indian cooking. So, add that international look to your kitchen with Elica's classic and pro series range of hobs but with an Indian twist!

Recognized for offering quality, functionality and aesthetics and Elica's new range of classic and pro series is no exception! The elegant and smart finish enhances the durability and convenient maintenance which adds to the wow factor. Extremely sleek in appearance the new collection is in sync with the evolving concept of urban household kitchen where everything is clean, linear and goes into the cabinet.

The new range incorporates rapid flame brass burners and a five jet technology. To ensure added durability, the range utilizes heavy duty brass burners and cast iron pan supports. Another defining characteristic of the classic and pro series is the flame failure safety device.

Additionally, this new series of hobs require hassle-free day to day maintenance. With spill proof pan supports, the routine cleaning is made extremely simple. Uber-stylish and highly-aesthetic, the new range is energy saving too.

Vitra Istanbul Series Designed By Ross Lovegrove

Streamlined forms integrated with fine lines; Vitra's expertise in production technology meets with Lovegrove's sophisticated design which is inspired by nature and the fluidity of water in the Istanbul Series. The flowing and organic forms are inspired by Istanbul's culture and traditions. The design of the harmonious faucets and accessories in this series has a sophisticated approach, inspired by nature. Sculptural forms that are coupled with fine lines, testify to the mastership of the production technology in this series.

Musa, The Contemporary Sleek-Stone® Bathtub By Graff

Musa, the artistic and functional contemporary Sleek-Stone® bathtub, reflects a modern taste that enriches the dialogue with architects, stylists and designers working on interiors. Designed by the G+Design Studio, MUSA expresses a modern and refined taste. Soft lines, reminiscent of natural shapes, characterize both the bathtub and the coordinated washbasin.

The bathtub features an integrated overflow system and is the ideal solution to furnish any bathroom space. The bathtub and basin can be combined with all GRAFF faucet models, especially the Phase and Sade collections. The Musa collection is available in a gloss white or matte white finish.
