# New Shower Heads By GRAFF®

**G**RAFF®, the manufacturers of contemporary precision-engineered kitchen and bath products have recently unveiled their latest series of ceiling mounted shower heads.

Manufactured in stainless steel, the products assure a lasting, superlative performance, characterised by a minimal design and clean lines that suit any decor. As part of GRAFF's shower programme, the latest shower

Headquartered in Milwaukee, Wisconsin in the USA, with locations throughout Europe, GRAFF has been globally recognised since 1922 at the forefront of design in the luxury bathroom and kitchen markets.

BY NATALIE PEDDER-BAJAJ

GRAFF ceiling mounted showerhead with mist

heads are available in a rectangular, square and circular silhouette that incorporate dual rain and mist actions that deliver an uber luxe spa experience.

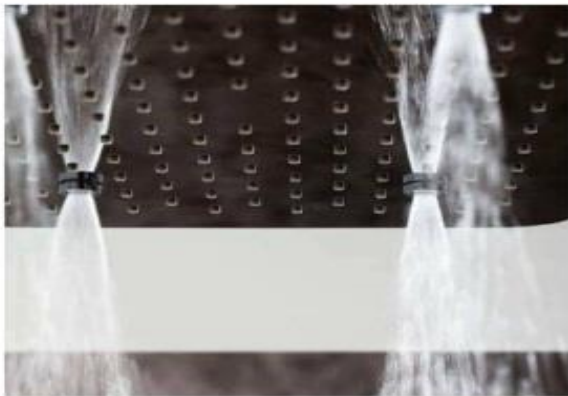

GRAFF ceiling mounted showerhead with LED and rain

Enjoy that unique sensory experience with GRAFF showers, as any design from its collection will create a soothing ambience with mist and light, a delightful end to an otherwise chaotic day. The recessed circular shower head is also available without a mist function, but all come furnished with full spectrum LED chromotherapy that is easily regulated by remote control.

GRAFF's M-Series is a modular concealed system with a trouble free efficient installation. The series is composed of a thermostatic unit, two diverters and a cut-off valve that can be combined into a single compact block. The new ceiling-mounted shower heads can be matched to any of GRAFF's contemporary collections, allowing them to be operated by concealed elements compatible with the M-series system.

With GRAFF's latest M-Series collection, now even a private apartment can have the indulgence of a wellness spa!
